The best time for apples

The children at a country school were having a lesson. The lesson was about the seasons of the year.

“There are four seasons in a year,” said the teacher. “They are spring, summer, autumn and winter.

In spring it's warm and the trees are green.

In summer it's hot and there are a lot of flowers in the fields, in the parks and in the gardens.

In autumn there are a lot of apples. They are red and sweet and good to eat. It usually rains in autumn.

In winter it's cold and it usually snows...”

Suddenly the teacher stopped and looked at one of the pupils. “Stop talking, Johnny,” he said. “Now answer my question. Can you tell me when it is the best time for apples?”
